

The Job Assessment Tool © Performance Requirement Options (PRO)

The Job Assessment Tool © Performance Requirement Options (PRO) helps you understand the specific behaviors that lead to optimal job performance. It objectively identifies the key behavioral elements that drive success in any role, at any level, across your organization. Using the PRO, you can achieve a higher degree of agreement on the behavioral job requirements. The PRO is designed to work hand-in-hand with The Predictive Index © to find that critical match between the requirements of the job and a person's ability to do the job. With our fit/gap approach, you can expect improved employee selection, job fit, retention and motivation across your organization. Nast Partners performance management tools and employee performance assessments improve employee selection, job fit, retention, employee engagement and motivation.
